

Budget at a glance

Managing the State's Finances

The government has delivered a budget surplus in 2015-16 and is forecasting further surpluses in the future.

This is the 8th budget surplus the government has delivered since coming to office.

This clearly demonstrates the government's ability to responsibly manage the State's finances while delivering essential services and world class infrastructure projects.

\$948
MILLION

**To grow and
support local jobs**

2016-17 State Budget

www.statebudget.sa.gov.au
